SUMMARY

Software Engineer with a BSc in Computer Science from Reykjavík University.

All you *really* need to know about me is that I love cats and dogs. Despite my allergies.

You might also want to know that I like graphics programming, game development, drawing pixel art, designing novel websites and **making awesome user experience**.

EXPERIENCE

Acuo - Travel Agent Power Apps

Síðumúli 13, 108.

Software Engineer

01/2024 - 11/2025

- Next.js, TypeScript, Tailwind CSS, Power Platform, C#, WordPress, Azure, Key-Vault, Copilot, Copilot Studio.
- Implemented features from issue to implementations, such as a payment gateway, booking api, booking form in next.js that authenticates with a Power App.
- Performed code reviews and worked with a team to deliver features and fixes.
- Created product documentation and created internal company documentation.

Kokka

Laugavegur 47, 101
