CAREER

JUN 2024 - DEC 2025

Software Developer | CPS ehf. / Acuo.is | Síðumúli 13, 108 Reykjavík

Implemented a backend system for travel agencies in Power Apps that connected to a payment gateway, booking form and Word Press frontend.
[Next.js, Power Platform, Azure, Copilot, Github, Docker, Tailwind CSS]

JAN 2024 - CURRENT

Front desk employee | Kokka | Laugavegur 47, 101 Reykjavík

Working part-time in the best kitchen supply store in Iceland. I assist customers, process online orders, clean up and stock shelves. Also, an expert in pizza accessories.

JAN 2023 - DEC 2023

Teacher Assistant | Reykjavik University | Menntavegur 1, 102 Reykjavík

Teacher Assistant in the Computer Communication and Operating Systems courses, reviewed assignments and tested them in advance, answered questions in Piazza that the students brought.

JUN 2023 - AUG 2023

Research project | Language and Voice Lab at RU | Menntavegur 1

The research project involved training a LLM to answer questions in Icelandic using a dataset that was retrieved with the GameQA question answering game. There I was standardizing data for training.

EDUCATION

I have completed a B.Sc degree in Computer Science from Reykjavik University
